## LOCAL BUSINESS TO TO OFFER CYBER SECURITY ASSESMENTS AT NO COST

Chino, CA. Jan. 3, 2018- Trinity Networkx is a local managed services firm that specializes in cyber security, disaster recovery and several other components in the technology spectrum that a business will need to effectively implement technology in day-to-day operations. The company prides itself on being focused on service to others. With that being said, Lance Reichenberger, Amazon best-selling Author and Owner of Trinity Networkx is bringing a wonderful offer to businesses in the surrounding area.

A recent advancement and surge in the amount of cybercrime has increased the demand for companies with the capacity to assist owners and executives in protecting businesses from being hacked and attacked.

In an effort to keep local businesses as safe as possible during the attacks happening today all over the world. Business owners are being targeted and need to ensure they are running in a secure and safe manner, Trinity Networkx is offering a cyber security assessment at no cost to select businesses. Local businesses can call us at 562-446-1743 to be qualified for an assessment.

Local business owners with cybersecurity concerns are urged to call Trinity Networkx at 951-479-1727 to request more information on cyber security.
